What is EPC in construction?

EPC, short for engineering, procurement, and construction, represents a prevalent contract approach in the construction realm, commonly embraced by both project owners and contractors.

Are French Solar Contractors a good choice?

"The prominence of French contractors is impressive", says Wiki-Solar founder Philip Wolfe, given that their home country is not in the top ten utility-scale solar markets". Eiffage and Equans (part of Bouygues) are ranked #3 and #10 respectively, thanks to projects not only in France, but also Spain, the UK and other parts of the world.

The global solar EPC Market is expected to cross \$134 billion by 2030. Within India, the PM's announcement during the COP 26 Climate Conference held in Glasgow, to make India emission-free by 2070, with an initial aim of decreasing emissions by 50 percent by 2030, is expected to act as a push to the EPC industry.
