

Tongwei photovoltaic panel official sales channel

Is Tongwei a bankable PV module supplier?

By the end of this year,Tongwei will be in the top 10 for wafer capacity and the top 15 for module capacity,with further growth (upside) almost inevitable going into 2023. In PV Tech's latest PV ModuleTech Bankability analysis,Tongwei is currently B-Rated,putting the company in the top 15 most bankable PV module suppliers today.

How much power does a Tongwei solar panel produce?

Tongwei is offering six versions of its monofacial monocrystalline panels,with power outputs ranging from 400 W to 430 W and power conversion efficiencies between 20.1% and 21.7%. TW Solar (Tongwei) has unveiled new shingled solar panels for rooftop applications.

Who is Tongwei solar?

This year,Tongwei will be the largest producer of polysilicon for the solar industry(with all existing and future capacity outside of the Xinjiang region) and the largest producer of solar cells. The company is now a circa. US\$10 billion turnover entity,with sales tripling in the past few years.

Who is Tongwei module?

With the solid and robust upstream reserves within the industry chain, Tongwei entered the module business in 2013. The product is produced by the "Industry 4.0" system of smart manufacturing. Tongwei creates high-efficiency shingled and half-cell products to achieve all-round coverage.

What is Tongwei polysilicon lead?

The quality, technical indicators and costs of Tongwei polysilicon lead globally, covering both electronic and solar grades.Tongwei has established strategic partnerships with several well-known downstream photovoltaic cell and module enterprises in China. The product quality has received high recognition in the market.

What is the quality of Tongwei crystalline silicon?

The product quality has received high recognition in the market. With a purity of 99.999999999%,the products represent the excellence of high-purity crystalline silicon "intelligent manufacturing in China". Tongwei adheres to "science and technology is the first productivity".
