

Toyo solar United States

Will Toyo solar raise \$100 million for a US based solar cell factory?

The company filed its intent to raise \$100 million for a future U.S.-based TOPCon solar cell factory. Japan-headquartered solar manufacturer Toyo Solar announced it plans to open a 2 GW solar module manufacturing plant in the United States. The plan includes expansions to add cell and wafer manufacturing in the future.

Will Toyo solar open a 2 GW solar plant?

Japan-headquartered solar manufacturer Toyo Solar announced it plans to open a 2 GW solar module manufacturing plant in the United States. The plan includes expansions to add cell and wafer manufacturing in the future. The company said it plans to raise \$100 million to support the factory.

What does Toyo Solar do?

At TOYO Solar, we believe in controlling every aspect of the production process to ensure the highest quality, traceability, and energy efficiency. We cover everything from upstream production, including wafer and silicon manufacturing, to midstream solar cell production and downstream photovoltaic (PV) module production.

When did Toyo solar go public?

In the first six months of 2024, Toyo Solar had 3 GW of manufacturing capacity, shipped 986 MW of solar cells, and posted \$19.6 million of net income. The company went public in the United States following the combination of Vietnam Sunergy Cell Co., a wholly owned subsidiary of Toyo, and Blue World Acquisition Corp.

Who is Toyo solar?

Welcome to TOYO Solar, your trusted partner in advanced photovoltaic solar solutions. Established in November 2022, we are dedicated to delivering reliable and comprehensive solar products globally. Our mission is to become a leading full-service solar solutions provider, offering a seamless integration of the entire solar power supply chain.

Who owns Toyo Solar LLC?

TOYO Holdings LLC, a 100% owned subsidiary of TOYO, holds 75.01% of membership interests in TOYO Solar LLC and will make a capital contribution in the total amount of \$19.96 million to TOYO Solar LLC, which is expected to be contributed to the Phase 1 construction of the manufacturing site of Solar Plus.
