

Trina Solar photovoltaic panel authenticity check

How do you protect a Trina Solar PV module?

Cover the front surface of modules by an opaque material when repairing. Modules when exposed to sunlight generate high voltage and are dangerous. Trina Solar PV modules are equipped with bypass diodes in the junction box. This minimizes module heating and current losses.

Is Trina Solar a good solar company?

As one of the leading solar photovoltaic manufacturers in the world, Trina Solar delivers a smart, industry leading solution for year energy needs. Ranked as one of the world's most bankable solar manufacturers by Bloomberg New Energy Finance, Trina Solar is the manufacturer you want for your solar panels.

Are Trina Solar products IEC certified?

In addition to the required IEC certification, Trina Solar products have also been tested to verify resistance to ammonia fumes that may be present around barns sheltering cattle, as well as suitability for installation in humid (coastal) areas and areas of high sand storms.

Are Trina Solar modules corrosive?

According to Intertek-conducted IEC 61701:2011, salt mist corrosion testing of photovoltaic (PV), Trina Solar modules can be safely installed in corrosive salt areas within proximity of the ocean or sulfurous areas.

Can Trina Solar be installed in ammonia-heavy environments?

According to IEC 62716:2013 "Ammonia corrosion testing of photovoltaic (PV) modules" and DLG Fokus testing for ammonia resistance, Trina Solar modules can be safely installed in ammonia-heavy environments, such as farm houses.

6. MOUNTING INSTRUCTIONS

Can Trina Solar modules be installed in landscape or portrait orientation?

SITE SELECTION Trina Solar Modules can be mounted in landscape or portrait orientation however the impact of dirt shading the solar cells can be minimized by orienting the product in landscape. Solar module is recommended to be installed at an optimized tilt angle to maximize the energy output.

Unmatched in third-party recognition. As part of its commitment to quality and reliability in its own products and across the solar industry, Trina Solar has partnered with third-party testing ...
