

Trinidad and Tobago utility solar panels

Who is building the largest solar project in Trinidad and Tobago?

Today, the Government of Trinidad and Tobago has officially given the green light to project partners, bp, Shell and Lightsource to begin construction of the largest solar project in the Caribbean.

What are the solar photovoltaic systems in Trinidad and Tobago?

In Trinidad and Tobago and the wider Caribbean there is an abundance of natural energy from the sun. In Trinidad and Tobago a typical day can be insolated for 5-6 hours of sunlight. This makes the Solar photovoltaic (PV) systems very applicable for Trinidad and Tobago. The cost for these systems are constantly coming down.
