

# Türkiye Photovoltaic Panel HS Code

What is a HTS code?

The first six digits of the HTS code identify all items in international trade and are the same for all countries that use the HTS. The last two or four digits are country specific. In many countries these last four digits provide the duty rate and balance of trade statistical reporting suffix for the imported goods.

What are HS codes?

Your HS codes determine your compliance, your admissibility, and which supply chain advantages you can capture. See how precision classification can protect your finances and unlock greater strategy. Your faster, easier application process starts right now. Clear goods quickly. Use the data for strategy. Consult with experts for data-led wins.
