

The Participants intend to work to decarbonize Ukraine's economy and ensure its energy security and export potential by developing and implementing a comprehensive energy sector plan, one that provides for mutually beneficial cooperation in nuclear energy, solar and wind energy, hydrogen, energy storage, Carbon Capture Utilization and Storage ...

- On March 5, Danos Group Holdings finalized the acquisition of Performance Energy Services, a 24-year-old company based in Houma, La. The acquisition includes all PES business units, the Houma administrative office and waterfront operations facility.

We analyse the impact of the shock to energy prices induced by the war in Ukraine on the financial performance of the major European firms listed in the Eurostoxx 600 index. We find that equity returns (CDS spreads) decreased (increased) more substantially for firms characterized by high energy intensity and carbon emission intensity. We then present a method, based on a ...
