

United Kingdom erda energy

How can Erda energy help your business?

Erda Energy solutions will help your business drastically reduce energy use, utility costs and carbon impact. Our systems harness multiple sources of heating and cooling energy, and integrate them with the thermal stability of the earth, and can cut heating energy use by over 70% as soon as they're turned on.

Who is ERDA energy?

We are a clean energy solutions company using smart, innovative technology working towards a zero-carbon future. Erda Energy has the technologies to completely change the way we use energy.

How does Erda energy change the way we use energy?

Erda Energy has the technologies to completely change the way we use energy. Project by project, we are helping to replace old, wasteful systems with efficient ones, and to replace old ideas about energy supply and management with modern, carbon-saving solutions.

The 1943 Quebec Agreement created a wartime partnership with the United Kingdom to work together on atomic research, and efforts were made to explore the expansion of this collaboration. ... In 1977, another act of Congress replaced ERDA with the Department of Energy (DOE). It also created a Secretary of Energy, who would hold a cabinet position.
