Should I buy used solar panels?

If you are purchasing for personal use, you should keep in mind that renewable energy tax credits are not extended to used solar panels. Searching for the best deal when buying used solar panels requires diligence. However, it is worth it as used panels can deliver significant savings over new.

Are used panels cheaper than refurbished panels?

Refurbished panels are often cheaper than new. They cost more than used panels because they've been fixed up nice. Prices for used panels can vary a lot. It depends on their condition. Some look almost new, others have seen some wear. Make sure you know what shape they're in before you buy.
