

Valiant energy Romania

Who is Valiant energy solutions?

Valiant Energy Solutions is the only company that can make your home or business warm and comfortable while also being environmentally-friendly. We're experts when it comes to all things home and business heating oil, and we offer the cleanest and most environmentally-friendly heat oil available: Bioheat.

Why should you choose Valiant energy solutions?

At Valiant Energy Solutions, we understand that operations professionals need to retain their productivity levels while keeping their operating costs low. That's why we offer next-generation solutions for reducing your energy usage-without sacrificing comfort or climate control.

What is the energy sector like in Romania?

Romania's energy sector is key to its evolving economy and security policy. It has a diverse energy mix,including coal,natural gas,nuclear,hydroelectric,and renewable sources. The largest share of electricity production historically came from coal and natural gas,followed by hydroelectric and nuclear power.

Where does Romania import electricity?

Romania exports and imports electricity to and from neighboring countries,including Hungary,Bulgaria,Serbia,Ukraine,and Moldova,and is also part of the European Union's internal energy market,which aims to create a single,competitive market for electricity and gas across EU member states.

Why does Romania support a long-term perspective of natural gas?

Romania supports a long-term perspective of natural gas in the European Green Pact because it forecasts that this resource will remain an important tool in changing the energy sector and transitioning to a more sustainable and carbon-free economy.

How much energy did Romania produce in 2022?

Domestic production amounted to 106,380 GWh,an increase of 3835 GWh (+3.7%) compared to the amount between 1 January and 30 June 2022,while imports amounted to 82,247 GWh,a decrease of 5,452 GWh (-6.2%). Chart: Romania Energy Mix NRRP- National Recovery and Resilience Plan
