

Village solar power generation fraud

Are 'upselling scams' causing a surge in solar panel fraud?

However, homeowners making the most of the Government's solar panel drive have increasingly fallen victim to conmen. Citizens Advice has warned of a surge in solar panel fraud, particularly "upselling scams" in which cold-callers convince customers to upgrade technology they already have to meet fabricated legal "standards".

Are tenant farmers facing eviction for a large solar farm?

There are numerous tenanted farms on The Dalton Estate, north of Beverley. A number of tenant farmers in East Yorkshire say they could be facing eviction to make way for a large solar farm. The BBC has been told that at least eight farms that lease land from The Dalton Estate, north of Beverley, had been notified of the proposals.

Are campaigners 'shell-shocked' about a 2,500-acre solar farm?

Campaigners opposed to a 2,500-acre solar farm said they were "shell-shocked" after the plan was approved by the secretary of state for energy. Sunnica's 163,600m energy farm on the Cambridgeshire-Suffolk border was given the green light on Friday.

Is a planned solar farm risking your way of life?

Listen to highlights from Hull and East Yorkshire on BBC Sounds, watch the latest episode of Look North or tell us about a story you think we should be covering here, external. Farmers who lease land near Beverley say a planned solar farm is risking their way of life.

What happens if a solar farm goes ahead?

Compensation is understood to be six years' rent," a spokesperson said. Should the solar farm go ahead, farmers would also be losing their way of life. One tenant told the BBC that one of his children was hoping to take over the farm and for his family the solar proposal was a disaster.

Could a solar project be a 'bombshell' for farmers in Beverley?

The BBC has been told that at least eight farms that lease land from The Dalton Estate, north of Beverley, had been notified of the proposals. Farmers said the solar project could cover at least 4 sq miles (10.3 sq km) and would be a "bombshell" to families who had farmed in the area for generations.
