

Why did Ballard restructure?

about „Fuel cell manufacturer Ballard undergoes restructuring" Canadian company Ballard has announced a global reorganisation to reduce spending in the face of slowing hydrogen infrastructure development and delayed fuel cell adoption. That also includes jobs being cut.

Why is Ballard reorganizing?

Canadian company Ballard has announced a global reorganisation to reduce spending in the face of slowing hydrogen infrastructure development and delayed fuel cell adoption. That also includes jobs being cut. Ballard is looking to lower total operating expenses by 30 per cent.

Is Weichai Ballard a thorn in China?

Developments in China in particular are a thorn in Ballard's side. "With continued challenges in the China fuel cell market and underperformance of the Weichai Ballard joint venture, we are also conducting a strategic review of our China strategy, including all options relating to the WBJV," MacEwan added.

Does Ballard's cost-cutting plan impact product delivery?

Ballard wants to ensure that the cost-cutting measures do not impact product delivery and the programme execution required to meet customer commitments. Ballard is also sticking to its plans to expand its Texas facility for the time being.

Ballard Power Systems Europe A/S opf&#248;rte i 2019 en ny produktionshal, der danner rammen om virksomhedens br&#230;ndselscellemodul til det maritime marked. Nu udvider virksomheden igen og har netop igangsat opbygningen af en ny administrationsbygning, der forventes at st&#229; f&#230;rdig i slutningen af for&#229;ret. Gravearbejdet er godt i gang hos CEMTEC i Hobro, hvor Ballard Power
