

# Which solar inverter is best for home use Cayman Islands

Is Cayman the perfect place to harness solar energy?

Significant improvements are being made in the solar energy industry every year and Cayman is the perfect location to harness the power of the sun. Solar energy can be harvested in two ways: solar photovoltaic (PV), which converts sunlight into electricity and solar thermal, which heats water.

What is the first commercial solar project in Cayman?

The 20 acre 5MW Solar Farm located in Bodden Town is the first commercial solar project in Cayman. Completed in 2017, this solar farm was also the first Independent Power Producer (IPP) in Grand Cayman, selling electricity to CUC through a Power Purchase Agreement (PPA).

Are solar panels duty-free in Cayman?

However, renewable energy equipment, such as solar panels, are in fact duty-free for residential homeowners. Although Cayman enjoys over 300 days of sunshine, you will need to consider an alternative source of power should there be no sun. One such option is the Tesla Powerwall battery.

What to do in Cayman if there is no sun?

Although Cayman enjoys over 300 days of sunshine, you will need to consider an alternative source of power should there be no sun. One such option is the Tesla Powerwall battery. These rechargeable lithium-ion batteries are wall mounted and can be stored either outside your home or inside your garage.

Cayman Islands Renewable Energy Target. In its National Energy Policy 2017 - 2037 (PDF), the Cayman Islands government has set a target of 70% of total electricity generation to come from renewable sources by 2037. There's a big job ahead as the only non-oil energy source in the Cayman Islands is a small amount of solar power; well, now a ...

(CNS): James Whittaker, the president of the Cayman Renewable Energy Association (CREA), has welcomed the recent changes made to CUC's Consumer Owned Renewable Energy (CORE) programme after OfReg announced the rate paid by CUC to domestic renewable energy producers would increase. He said the long overdue improvement had been ...
