

Xiaopeng g6 mobile phone holder solar energy

What technology does the Xpeng G6 have?

The XPENG G6 is equipped with the industry's only mass-produced full-scenario ADAS (Advanced Driver Assistance System),XNGP,empowered by China's first BEV+Transformer-based deep visual neural network XNet. The G6 has 31 smart sensors,including two LiDARs,and a total computing power of up to 508 TOPS from the dual NVIDIA DRIVE Orin-X chips.

Does Xpeng G6 have Adas?

Redefines Smart Driving. The XPENG G6 is equipped with the industry's only mass-produced full-scenario ADAS (Advanced Driver Assistance System),XNGP,empowered by China's first BEV+Transformer-based deep visual neural network XNet.

Is the Xpeng G6 a good electric SUV?

The XPeng G6 has some very positive attributes. It's good to drive, spacious and very well equipped, plus it has a competitive range and quick charging speeds. We'll just have to wait and see if the UK pricing is as keen as XPeng is promising - if it is this electric SUV could be one to watch.

Is the Xpeng G6 the new Tesla Model Y?

Well, if the XPeng G6 is anything to go by, they're arguably heading in that direction. The G6 is a new electric SUV featuring an abundance of artificial intelligence (AI) and driver-assistance tech - much like its key rival, the Tesla Model Y.

How many charging ports does the Xpeng G6 have?

The G6 includes two50W charging ports for smartphones with cooling capabilities. The infotainment system runs on XPENG's latest Xmart OS, incorporating all comfort-enhancing features and XPILOT driver assistance systems as standard.

What is the driving position of the Xpeng G6?

The driving position in the XPeng G6 is similar to what you'll find in a Tesla Model Y. You sit high upwith a great view forwards, but the low-slung bonnet makes it quite difficult to judge where the front of the car is. That said, the windscreen is large and the front pillars are not too wide.
