XTRA POWER LiFePO4 BATTERY MODULE. WALLMOUNT AND STANDING DESIGN BIDESIGN. Based on Brand New EVE LiFePO4 cells, equipped with high-performance BMS to effectively manage the batteries cells, compared with traditional batteries, it has a wider range of performance and application advantages, high cycle times, long service life, and is suitable for ...

The MPPT is designed to regulate ONLY solar (photovoltaic) power. Connection to any other type of power source e. g. wind turbine or generator may void the warranty. WARNING: Solar and battery fuses or DC breakers are required in the system. These protection devices are external to the MPPT controller.
