

Zhongkexin photovoltaic panel ranking

Does sinovoltaics have a z score?

Did you know? Sinovoltaics has been publishing its PV Module Manufacturer Ranking Reports based on the Altman Z score formula since early 2016 and is the first and only independent source for PV Module, Inverter, and Energy Storage Manufacturer Ranking Reports based on their financial strength.

What do sinovoltaics rankings say about the quality of PV equipment?

The Sinovoltaics analysts note that while the rankings do not say anything about the actual quality of PV equipment, buyers and other industry stakeholders, such as financial institutions, can use the ranking reports as part of the due diligence process or to help identify financially stable partners.

Is Trina Solar China a good PV module company?

Image: Trina Solar China's PV module companies released their financial reports for 2022 and the first quarter of 2023 at the end of April, with some of the leading manufacturers posting strong performance. Currently, the competition among AAA-grade PV module companies is fierce.

Who will dominate the global PV module market in 2023?

A total of 18 Chinese companies were selected in the top 20 list, with a total output of more than 440GW in 2023, gradually taking over the global PV module market with their unique advantages. LONGi, the king of the PV industry, will supply 66.44GW of modules in 2023, up 42% year on year.

What are the top 5 solar module manufacturers in 2023?

The total module shipments of the top 5 manufacturers nearly reached 300GW in 2023. The major players maintained their leading positions throughout the list. The top four were LONGi, Jinko, Trina and JA Solar, the same order as last year.

How many PV module manufacturers are there in the world?

Sinovoltaics, a Hong Kong-based technical compliance and quality assurance service firm, has released a PV Module Manufacturers Ranking covering 52 panel suppliers spread across the world. The company said the results are calculated from June 2020 until December 2023 to provide insight into the stability of the scores over time.
